THE ADVANTAGES OF LOCAL

Join a local group or club, attend a local event, buy local products, hire local services. It is better for all of us when you do. Local businesses have a nice variety of items and when we patronize their stores, it provides them with the capital to expand and add new items. Local businesses also contribute to local causes. Growth in our community is important for our future. Working together with organizations, clubs, groups, churches, school and businesses can help contribute to the things we would like to see in Fall Creek! **Let's Support Each Other!**
