 - A. **Consider Devices Allowed on Village Streets:** Chairperson Herbison stated she researched ordinances from area municipalities. Administrator Jared McKee stated we've had some complaints when a resident purchased a low-speed vehicle (defined as a vehicle that goes over 25/mph but under 35/mph so it is not registered through the DNR, but the DMV); the Police Chief reached out to the owner and confirmed they have a low-speed vehicle, not an ATV and not a golf cart, and it is registered through the DMV. Our ordinance specifies regulations for ATV's and UTV's but is silent on low-speed vehicles regulated by the State. Consensus of the committee was that State regulations are sufficient.
 - MOTION (Goodman/Mattoon) to take no action and table the item indefinitely. PASSED, without negative vote.
 - B. **Keller Park Electrical Distribution Panel/Gate:** McKee stated the Lion's Club is requesting the electrical distribution panel be updated and he is waiting for an estimated cost.
 - MOTION (Mattoon/Goodman) to table until an estimate is available. PASSED, without negative vote.McKee reported the Lion's Club and the Homeschool Olympics have requested a gate on the outfield fence of the new ballfield so it could be a more functional multi-use space.
 - MOTION (Herbison/Mattoon) to recommend to the Village Board that a gate be installed. PASSED, without negative vote.
9. **Adjourn @ 5:57 p.m.**
